

To sign up, text: ALERTSB to 888-777

The City of Lomita and 12 neighboring cities in the South Bay have created Alert SouthBay to provide critical information to our communities during natural disasters and other major emergencies. To receive potentially lifesaving alerts, register at alertsouthbay.com or text: ALERTSB to 888-777.

Subscriber information will only be used to notify you in the event of an emergency, and for any additional notifications you sign up to receive, such as major traffic impacts or emergency preparedness advisories. Receive alerts via cell phones, landlines, text, email, and/or TTY-TDD devices. Modify your preferences anytime by logging into your account settings.

AlertSB is an opt-in system, meaning residents are not automatically enrolled. Please sign up if you wish to receive alerts in the event of a major emergency. If we can't reach you, we can't alert you.
